We remain hopeful and committed to overcoming the coronavirus pandemic and its economic ramifications.

Our objective is to provide services and support safely, responsibly, and effectively for our CDA clients and the public to ensure confidence in our efforts to protect the safety and health of our clients, employees, and the public.

During these unprecedented times, we will continue to rely on data-driven information, the public health and the Occupational Safety and Health Administration (OSHA) guidelines and recommendations, to curb the spread of the highly contagious and deadly COVID19, while supporting a return to a more resilient and robust CNMI economy with a vibrant and prosperous community.
